Jim - I wanted to share with you a copy of a letter we just sent to Sen. Levin. As you can see, we are working hard to complete our work on CR 595 by December 1.

Hi Tinka

Just a note to follow up our conversation from about a month ago.

How is the EPA doing with the 400+ responses?

Do you have a better time table now? It would be wonderful if we could hear something from the EPA

by December 1, 2012.

Jim
